

Grace for the Times...
(An Amazing Rap)

Amazing grace- it's a sweet, sweet sound
-coming down all over me
Understand, I was lost and found
-was blind but now I see

Yo this here grace taught my soul to fear
-when it's in your face, your fear's relieved
You can't deny it, it's fresh and clear
-the power of the hour when you first believed

Thru danger, anger, sin and snares
-don't you doubt it when you roam
Kicked around and nobody cares
-this here grace will get you home

Nothing but the blood
-precious is the flow
Nothing but the blood
-making me white as snow
Nothing but the blood
-ain't no other flow to know

Shout it out 10 thousand years- it's a light as bright as the sun
-With all your nights and all your days
-Let it all out and sing God's praise
On and on, just let it run...
